POV BASIC EQUIPMENT PACKAGE

POV Basic Equipment Package - Each POV is to include all these items on initial issue (i.e., no separate billing/payment at the time of initial issue):

- Battery or batteries required for operation
- Battery charger, single mode
- Weight appropriate upholstery and seating system
- Tiller steering
- Non-expandable controller with proportional response to input
- Complete set of tires
- All accessories needed for safe operation

K0800

COVERAGE CRITERIA

\$1,292.77

Note: For any item to be covered by Medicare, it must

- be eligible for a defined Medicare benefit category,
- be reasonable and necessary for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member, and
- meet all other applicable Medicare statutory and regulatory requirements.

A POV is covered if the following criteria are met:

- The patient has a mobility limitation that significantly impairs his/her ability to participate in one or more mobility-related activities of daily living (MRADLs) such as toileting, feeding, dressing, grooming, and bathing in customary locations in the home. A mobility limitation is one that:
 - Prevents the patient from accomplishing an MRADL entirely, or
 - Places the patient at reasonably determined heightened risk of morbidity or mortality secondary to the attempts to perform an MRADL; or
 - Prevents the patient from completing an MRADL within a reasonable time frame.
- The patient's mobility limitation cannot be sufficiently and safely resolved by the use of an appropriately fitted cane or walker.
- The patient does not have sufficient upper extremity function to self-propel an optimally-configured manual wheelchair in the home to perform MRADLs during a typical day.

Limitations of strength, endurance, range of motion, or coordination, presence of pain, or deformity or absence of one or both upper extremities are relevant to the assessment of upper extremity function.

An optimally-configured manual wheelchair is one with an appropriate wheelbase, device weight, seating options, and other appropriate non-powered accessories.

- The patient is able to:
 - Safely transfer to and from a POV, and
 - Operate the tiller steering system, and
 - Maintain postural stability and position while operating the POV in the home.
- The patient's mental capabilities (e.g., cognition, judgment) and physical capabilities (e.g., vision) are sufficient for safe mobility using a POV in the home.
- The patient's home provides adequate access between rooms, maneuvering space, and surfaces for the operation of the POV that is provided.
- The patient's weight is less than or equal to the weight capacity of the POV that is provided.
- Use of a POV will significantly improve the patient's ability to participate in MRADLs and the patient will use it in the home.
- The patient has not expressed an unwillingness to use a POV in the home.

If a POV will be used inside the home and coverage criteria A-I are not met, it will be denied as not medically necessary.

If a Group 2 POV is provided and coverage criteria for a POV are met, payment will be based on the comparable Group 1 POV.

REQUIRED DOCUMENTATION

- Valid prescription containing all 7 mandated elements
- Detailed product description listing all billable options
- All relevant chart notes/assessments/progress notes, etc from physician/clinician
- Proof of Face-to-Face examination with date it was received clearly indicated
- Home assessment

ADVANCE BENEFICIARY NOTICE (ABN)

An Advanced Beneficiary Notice (ABN) is a written notice you can give to a Medicare beneficiary before you provide a beneficiary for upgrades or any item or service that you expect Medicare will deny for the following reasons:

- lack of medical necessity
- prohibited, unsolicited telephone contacts
- no supplier number
- an item that you submitted for an Advance Determination of Medicare Coverage (ADMC) where the DME MAC denied the ADMC request.

All information compiled above is readily available from the Medicare offices of the US Government. None of the information presented above should be considered legal or billing advice for any particular claim. Suppliers using this document must assume all responsibility for assigning the proper billing codes, as well as all other documentation required by Medicare.
