Are you short on space, but searching for extreme comfort? You don’t have to look any further than our sizing collection of space saving power lift recliners. With a seamed back and forward-gliding recline motion, this design is offered in small, medium, and large sizes and requires only 4”, 5” or 6” inches from any wall. The Golden Space Saver will fit you perfectly in almost any sized room!
Goldertek Craftsmanship

Each luxury lift & recline chair is hand crafted in our facility using decades of motion furniture experience.

 Added Comfort and Safety

Designed to perform year after year using advanced technology backed by the best warranty.

Smart Engineering

Smooth, quiet lifting system offers a secure lift for the best performance.

Sizes may vary depending on fabric, filling material, upholstery and carpet thickness. All measurements taken on concrete floor using levels and metal rulers.

Battery Backup System

Batteries not included. Battery Backup System is designed to bring the chair from the reclined to the seated position in the event of a power outage.

Smart Tek System

In the event of a malfunction, our patented SmartTek™ diagnostic system enables you to get your lift chair up and running quickly.
